Recontribution of a CARES Act Distribution: If you received one or more distributions from an eligible retirement plan that qualifies as a Coronavirus Aid, Relief, and Economic Security Act (CARES Act) Distribution then you may be able to recontribute part or all of it as a rollover contribution to an eligible retirement plan (such as a 401(a), 401(k) plan, 403(b) plan, 457(b) governmental plan), if it accepts such contributions, and/or an IRA. You may recontribute part or all of the amounts that you received within the three-year period beginning on the day after the date that you received your distribution. You may recontribute the money in separate transactions over a period of time within the three-year period.

The total amount of your recontribution may not be more than the amount of your qualifying distribution(s) and cannot exceed \$100,000. You may be able to request a refund of federal income taxes that you originally paid on the amount of your CARES Act Distribution if you timely file an amended federal income tax return for the applicable year(s). All CARES Act Distributions and recontributions must be reported on IRS Form 8915-E (Qualified 2020 Disaster Retirement Plan Distributions and Repayments). Please refer to IRS Notice 2020-50 (Guidance for Coronavirus-Related Distributions and Loans from Retirement Plans Under the CARES Act) and consult with your tax advisor for further information.

Please contact Fidelity Investments to determine if your Plan accepts recontributions. Use this form to recontribute your CARES Act Distribution(s) to the Plan you identified above. Your recontribution will be subject to the Plan's rules. Please complete a separate form and send separate checks if you want to recontribute money to more than one plan. You must complete and sign this form, and return per the instructions in section 3, along with a certified check, cashiers check or money order payable to Fidelity Investments Institutional Operations Company (FIIOC).
